PROJECTS

SEM – VII Major Project – InvestWise: Equity Analysis Application

AUG 2023 - DEC 2023

- A comprehensive stock transaction report utilizing historical data. Implemented three distinct strategies: daily trading strategy, weekly trading strategy and a combination of both.
- User interacts by inputting a stock symbol, start date, investment duration and total available funds.
- The result includes final portfolio value, change in value and percentage change along with transaction details.

Technologies Used: Python for Implementing Algorithms

SEM – V & VI Mini Project – StockDash: Interactive Website for Education & Tracking of Stocks

AUG 2022 - APR 2023

- A website for beginners ready to learn about Stocks and Trading. It contains blogs, courses, learning videos for the users to learn about Stocks.
- The website provides a search tab where users can enter a company code to track their stock prices over time.
- It also provides a graph of the stock price, showing a possible increase or decrease in stock prices. This feature can help users predict profits and invest in stocks accordingly.

Technologies Used: Python, Django, HTML, CSS

SEM – IV Mini Project – Her: Women Hygiene

JAN 2022 - MAY 2022

- An app for Women Hygiene.
- Simple feminine menstrual cycle calendar with a helpful period tracker.
- It is a one-stop place for women of all ages to discover resources, guidance, information and support through each stage in life. It also contains blogs related to periods and maintaining health.

Technologies Used: Flutter, Firebase

SEM – III Mini Project – Pluto: Virtual Assistant

AUG 2021 - DEC 2021

- Desktop version of Virtual Assistant presented through a website.
- Virtual Assistant with features like Search, Navigate, Listen Music and more.

Technologies Used: Python, HTML, CSS, JavaScript

SKILLS

Tech Stack: Python, SQL, C++, HTML, CSS, JavaScript

Tools and Frameworks: AWS, Django, Canva, Adobe Illustrator, Adobe Photoshop

INTERNSHIP

UA Kathachitra Pvt. Ltd.

AUG 2022 - DEC 2022

- During my 4-month internship as a **Graphic Design Intern**, I successfully undertook the responsibility of creating visually engaging content.
- Over the course of the internship, I designed and delivered a total of 53 impactful social media posts.
- This experience allowed me to enhance my graphic design skills and contribute to the organization's online presence through compelling visuals.

EXPERIENCE

In my role as a Graphic Design Intern, I created dynamic social media posts over 4 months, refining design proficiency. Additionally, my contributions to Mini Projects showcased the application of theoretical knowledge, demonstrating adaptability and collaborative problem-solving in diverse real-world scenarios. These experiences have shaped my ability to deliver tangible results during the timeline while working effectively in a team environment.

CERTIFICATES

- Completion of Python Training – Spoken Tutorial Project, IIT Bombay
- Cloud Security Alliance – Certificate of Cloud Security Knowledge (CCSK) Foundation Training

HOBBIES

Current Affairs, Playing Cajon Instrument and Discovering new music
