SUMMARY

As a skilled Computer Engineering graduate and coding enthusiast with a passion for graphic design, I am poised to contribute dynamically to tech and design realms. Eager to apply my technical expertise and creative flair, I seek opportunities in web development, software development, and graphic design to contribute, learn, and grow.

EDUCATION

Shah & Anchor Kutchhi Engineering College | GPA - 8.72/10

Bachelor of Engineering in Computer Engineering

HSC – Bhavani Shankar Junior College | 74.77%

ICSE – Shishuvan High School | 90.4%

Mumbai

2020-2024

PROJECTS

SEM – VII & VIII Major Project – InvestWise: Equity Analysis Application

AUG 2023 - APR 2024

- Implemented and developed a mobile app that includes comprehensive stock transaction report utilizing historical data, incorporating four strategies: daily trading, weekly trading, a combination of both and RSI trading.
- Users interact with the system by inputting a stock symbol, start date, investment duration, and total available funds, receiving detailed results including final portfolio value, change in value, percentage change, and transaction specifics.

Technologies Used: Python for Implementing Algorithms, Flutter, Firebase

SEM – V & VI Mini Project – StockDash: Interactive Website for Education & Tracking of Stocks

AUG 2022 - APR 2023

- Created a beginner-friendly website dedicated to educating users about Stocks and Trading, featuring blogs, courses, and learning videos to facilitate a comprehensive learning experience.
- Incorporated a user-friendly search tab enabling users to track stock prices over time by entering a company code. Additionally, the website offers graphical representation of stock prices, aiding users in predicting potential profits and making informed investment decisions.

Technologies Used: Python, Django, HTML, CSS

SEM – IV Mini Project – Her: Women Hygiene

JAN 2022 - MAY 2022

- Created a Women's Hygiene app featuring a straightforward menstrual cycle calendar and intuitive period tracker.
- The app serves as a one-stop destination for women of all ages, offering guidance, information, and support across various life stages. Additionally, the app provides informative blogs addressing topics related to periods and overall health.

Technologies Used: Flutter, Firebase

SEM – III Mini Project – Pluto: Virtual Assistant

AUG 2021 - DEC 2021

- Desktop version of Virtual Assistant presented through a website.
- Virtual Assistant with features like Search, Navigate, Listen Music and more.

Technologies Used: Python, HTML, CSS, JavaScript

INTERNSHIP

UA Kathachitra Pvt. Ltd.

AUG 2022 - DEC 2022

- During my 4-month internship as a **Graphic Design Intern**, I took charge of producing visually captivating content.
- Throughout the internship, I crafted and delivered a total of 53 impactful social media posts, contributing to an enriched online presence for the organization while honing my graphic design skills.

SKILLS

Tech Stack: Python, HTML, CSS, JavaScript, React.js, MERN Stack

Tools and Frameworks: AWS, Django, Canva, Adobe Illustrator, Adobe Photoshop

Database: MySQL, MongoDB

CERTIFICATES

- Completion of Python Training – Spoken Tutorial Project, IIT Bombay
- Cloud Security Alliance – Certificate of Cloud Security Knowledge (CCSK) Foundation Training
- Qualified for the Final Round of Aavishkar - 2023-2024 (Inter-Collegiate / Institute / Department Research Convention by University of Mumbai) for the Research Project – InvestWise: Equity Analysis Application

HOBBIES

Current Affairs, Playing Cajon Instrument and Discovering new music
