SUMMARY

As a skilled Computer Engineering graduate and coding enthusiast with a passion for graphic design, I am poised to contribute dynamically to tech and design realms. Eager to apply my technical expertise and creative flair, I seek opportunities in web development, software development, and graphic design to contribute, learn, and grow.

EDUCATION

Shah & Anchor Kutchhi Engineering College | GPA - 8.74/10   **Mumbai**
Bachelor of Engineering in Computer Engineering   **2020-2024**
HSC – Bhavani Shankar Junior College| 74.77%   **Mumbai**
ICSE – Shishuvan High School | 90.4%   **Mumbai**

PROJECTS

SEM – VII & VIII Major Project – InvestWise: *Equity Analysis Application*   AUG 2023 - APR 2024
- Implemented and developed a mobile app that includes comprehensive stock transaction report utilizing historical data, incorporating four strategies: daily trading, weekly trading, a combination of both and RSI trading.
- Users interact with the system by inputting a stock symbol, start date, investment duration, and total available funds, receiving detailed results including final portfolio value, change in value, percentage change, and transaction specifics.

Technologies Used: Python for Implementing Algorithms, Flask, Flutter, Firebase

SEM – V &VI Mini Project – StockDash: *Interactive Website for Education & Tracking of Stocks*   AUG 2022 - APR 2023
- Created a beginner-friendly website dedicated to educating users about Stocks and Trading, featuring blogs, courses, and learning videos to facilitate a comprehensive learning experience.
- Incorporated a user-friendly search tab enabling users to track stock prices over time by entering a company code. Additionally, the website offers graphical representation of stock prices, aiding users in predicting potential profits and making informed investment decisions.

Technologies Used: Python, Django, HTML, CSS

SEM – IV Mini Project – Her: *Women Hygiene*   JAN 2022 - MAY 2022
- Created a Women's Hygiene app featuring a straightforward menstrual cycle calendar and intuitive period tracker.
- The app serves as a one-stop destination for women of all ages, offering guidance, information, and support across various life stages. Additionally, the app provides informative blogs addressing topics related to periods and overall health.

Technologies Used: Flutter, Firebase

SEM – III Mini Project – Pluto: *Virtual Assistant*   AUG 2021 - DEC 2021
- Desktop version of Virtual Assistant presented through a website.
- Virtual Assistant with features like Search, Navigate, Listen Music and more.

Technologies Used: Python, HTML, CSS, JavaScript

EXPERIENCE

Tata Consultancy Services   SEP 2024 - NOV 2024
- Engaged in a 2-month training program, strengthening team collaboration and business skills.
- Contributed to a group project utilizing HTML, CSS, JavaScript, Bootstrap, SQL and Java, applying technical skills to develop a functional web solution.

SKILLS

Tech Stack: Python, HTML, CSS, JavaScript, React.js, Bootstrap CSS, Tailwind CSS
Tools and Frameworks: AWS, Django, Canva, Adobe Illustrator, Adobe Photoshop
Database: MySQL, MongoDB

CERTIFICATES

- Certificate of Python Training – Spoken Tutorial Project, IIT Bombay
- Cloud Security Alliance – Certificate of Cloud Security Knowledge (CCSK) Foundation Training
- Qualified for the Final Round of Aavishkar - 2023-2024 (Inter-Collegiate / Institute / Department Research Convention by University of Mumbai) for the Research Project – InvestWise: Equity Analysis Application

HOBBIES

Current Affairs, Playing Cajon Instrument and Discovering new music
